Highly motivated and results-driven Full Stack Developer with expertise in React.js, Node.js, NestJS, and PostgreSQL. Skilled in crafting responsive interfaces, developing robust RESTful APIs, and optimizing database performance using tools like Prisma ORM. Demonstrated ability to deliver scalable, high-performance web applications from concept to deployment. Known for rapid learning, strong problem-solving skills, and thriving in collaborative, fast-paced development environments. Committed to building solutions that are efficient, maintainable, and deliver measurable impact.

EXPERIENCE

(2023 - Present)

- Developed dynamic, user-friendly websites using the MERN stack.
- Collaborated with frontend and backend teams to integrate REST APIs.
- Implemented secure user authentication and authorization using JWT.
- Conducted API testing using Insomnia and Postman for functionality and integration validation.
